A mad scientist performed incredible experiments, standing on a balloon without popping it and piercing a plastic bag full of water without spilling a drop.

We learnt about the world changing discoveries of famous scientists who demonstrated how important science is to our lives.

Edison was “enlightening” with his invention of the incandescent light bulb.

Gallileo had the weight of the world lifted of his shoulders by a pre primary student!

Then we were brought back down to Earth with Newton’s gravity theory.

Finally Einstein tried to explain his world famous theory $E=mc^2$ although most of us felt $mc^2$ hammer(ed)! Get it?
Welcome

Welcome back everyone to Term Three I hope you had a great holiday and for the students and staff a well earned rest. This will be a very busy term providing many opportunities for our students in the sporting and Arts arenas. We strongly believe in providing our students with many and varied opportunities to achieve success in different areas of the curriculum.

Recently a merit selection process has been run and I’m pleased to announce that I am now the permanent Principal of Bull Creek Primary. Thank you for the support you have provided me in the past and I’m looking forward to continuing this positive relationship, providing the school with effective leadership and driving the school’s vision through the implementation of the Business Plan.

Welcome to our new staff members; Miss Barron - Physical Education and Ms Piani - S6

B6 Assembly

Congratulations to Mr Tisdale and Mr Hofmeester and B6 for the fantastic science assembly and the dry humour (lame jokes!) It was a very clever and interesting way to learn about the concepts of Science.

Book Week

This year’s Children’s Book Week parade will be on Friday 26 August.

This year there is a theme for our Dress-up Assembly which is: “Australian Stories and/or Authors”.

Mrs Williams has placed the relevant books from the school library into one of the blue basket trolleys (both top & bottom) for children to borrow and also to provide ideas.

Some Suggested Authors:

Late Arrivals

Parents please note that if you arrive at school after 9.00 in the morning you must report to the office for a late note which parents you are then required to give to the class teacher before your child returns to class. It is imperative that you ensure your child is at school in time to prepare for the day ahead and also for the beginning of class instruction time.

Education Perfect

Congratulations to Frau Colgan for providing our students with the opportunity to show case their knowledge and understanding of the German Language through this international competition. Our students once again performed exceptionally.

Quiz Night

Come and support out P&C at the quiz night on Saturday 13 August, it is usually a very entertaining evening with fabulous prizes to be won.

The theme this year is The Bogan and The Beautiful

Mid Year Statements

Our Manager Corporate Services, Mrs Green, distributed statements for all students on Friday 22nd July. Any questions about these statements please contact Mrs Green. I would especially like to thank the large percentage of families who have already paid their Voluntary Contributions for 2016 - these monies are typically directed to provision of play/sports gear and computer equipment. In “tighter” economic times these contributions are even more appreciated.

**YOU ARE INVITED TO A GERMAN “LATERNENLAUF”**

Everyone from kindy to year 6 welcome! With or without lantern!

A “Laternenlauf” is a traditional wintertime activity in Germany where children and parents go for a walk in the evening when it’s dark, carrying their homemade or bought “Laternen” and sing little songs.

Our annual “Laternenlauf” will take place on Thursday the 18th of August.

We are singing and walking with our lanterns and if you would like, you can enjoy a warm cup of Glühwein (NON ALCOHOLIC FRUIT PUNCH) AND SOME YUMMY GERMAN FOOD.

More details will follow closer to the date. Hope to see many of you there.

PATHS Information for Parents

Introduction

PATHS - Promoting Alternative Thinking Strategies - is a social emotional program developed at the University of Washington by Dr Carol Kusche, Dr Mark Greenberg, and other staff members of the P.A.T.H.S. Project, essentially to help primary school children develop better thinking skills, more mature and responsible behaviours and improve academic performance.

Goals of the PATHS program:

1. Increase children's abilities to think and solve problems for themselves.
2. Increase children's abilities to use their thinking skills to act responsibly and maturely.
3. Improve children's understanding of themselves and others.
4. Improve children's feelings about themselves (that is, improving their self-esteem.)
5. Increase children's abilities to learn more effectively in the classroom environment.

PATHS at Bull Creek Primary School will vary across classes as each teacher makes their own professional judgement about how the program will best suit the needs of the children in his / her class. In saying this, there are many consistencies across the school that you will see in each class and each child will know about and use.

How will PATHS help my child?

The authors of PATHS believe that the five goals listed above are critical for efficient learning. When children think independently, feel good about themselves, and act responsibly, then they are likely to be motivated, to work up to their potential, and to persist when they are experiencing difficulties. By teaching your child these thinking skills, PATHS will be teaching him or her how to learn. In addition, the academic skills covered during the lessons should be of educational benefit for your child, both now and in the future. Finally, many parents have noted that the concepts that are taught in P.A.T.H.S. are among the most important goals that they have at home. Therefore, improvement in your child’s skills should also be helpful for you and your child in your family environment.

Why is it important for parents to know about PATHS?

Parents are a child’s most important models. As such, you are the most important influence on your child’s development! The more that you understand about the PATHS Curriculum, the more you will be able to help reinforce and support your child’s skills. Thus, information about PATHS can help you be more involved with your child’s learning and development. By joining together in using positive ways to teach children self-control, emotional understanding, and problem solving both at home and at school, teachers and parents can create better learning environments and enhance developmental growth.

Every child has his or her own personality or temperament and therefore will use information he or she is learning in different ways. Similarly, each child will also follow a different timetable for showing changes in his or her abilities to handle feelings and solve problems. Your participation with assisting your child in various home activities will help your child with this process, which in turn, may help you see positive results sooner.

     offered to run it until we advertise the position.
   ➢ Kiss n Drive – Has been newly painted and unfortunately its

     thing in following the rules and not parking there. If any
     member of the P&C sees anyone not abiding the rules
     please politely ask them to move along.
   ➢ School Website – We are not able to run our P&C part of the
     website.
   ➢ Uniform Shop – Kylie has volunteered to take over, Cynthia

   • The stage area- Still waiting for quotes.

5  Committee Reports –

   • Have been working on donation for the quiz night, Geoff mentions he has received 2 emails, one donating a Murder mystery party and a donation of a Jamberry nails voucher.

7  General Business
   • 1. Gemma Downie – would like to offer an information seminar that would help the school community. Maybe we should take a multi prong approach regarding the issues around the school, i.e. school parking and students arriving late to school, Bullying and cross culture families needing help and advice. We can work with Teachers regarding relevant issues in the school and Physiologists can work with parents and assist with healthy problem solving. Budget was discussed and it was suggested that a small fee would be charged to attend. Sue Martin would like to have some input in regards to what topics would be discussed. The topic for first session possibly could be a session about device safety that will catch people's attention.
      OUTCOME: Gemma will start attentively researching topics and meet with Sue Martin. We will discuss and vote at the next meeting.
   • 2. New Supplier for the uniform shop – Kylie will look into a new supplier for the uniform shop, Flash Uniforms is one to look into.
1. Book Week – It was suggested that we ask someone different to come and judge the costumes for book week. A rep from IGA or Collins Bookshop was suggested as they donate prizes towards the school.

**Outcome:** Sue Martin will speak to staff regarding this.

2. Approval to pay upcoming annual P&C invoices – Geoff is requesting approval to pay upcoming invoices. (WACSSO affiliation fees, P&C insurance, Workers Comp insurance and City of Melville food premises fee)

**Outcome:** As there are not enough Members to vote, Geoff will pay mandatory invoices and bring others to next meeting.

3. Working with children check. Canteen Manager needs one but volunteers do not.

4. Book club update – Susan has emailed suggesting that we hold a book club book fair. This is a table set up in the office and has a display of books that are on offer which are different to the ones in the catalogue that the Teacher hands out to students.

**Outcome:** Susan can discuss with Nola (Librarian) regarding the book fair.
