We were busy getting prepared for Father's Day. We also celebrated some of our mum's on this day for the amazing things they do for us. First, we wrote a draft letter to our 'special someone'. Then, after editing our letter (because here in year 1 we know how important it is to check our work), we wrote a final copy for the card.

We have been learning about fractions (half) and, to showcase our learning, our Father's Day card displayed a photograph of half of our face. We then drew the other half to create our whole face. It was quite tricky making sure we were matching our eyes, nose and mouth up!

We think our Dads (and mums) are superheroes so we created a newspaper city with a superhero flying above it. We wrote about why we thought our dad (or mum) was a superhero and have displayed these in the classroom if you would like to come and have a look.

This week we also attended the Bull Creek's Got Talent Assembly. What an amazing job all of the acts did. We really enjoyed ourselves!
From the Principal’s Desk

Welcome Ms McCarthy and Ms Owen

A very big welcome to our new Associate Principals Ms McCarthy and Ms Owen. Both people have come to our school with a wealth of experience and knowledge. I am looking forward to working with such a professional team.

Bull Creek’s Got Talent

Congratulations to all the talented students at Bull Creek. What a wonderful opportunity for them to be able to perform in front of such an appreciative audience. Well done Mr Pascoe and the Prefects for organising the assembly and for adding a little pizzazz to the event.

Congratulation to the winners
1st Place - Teah
2nd Place - Joshain
3rd Place - Leona

The Honourable Minister for Education, Mr Peter Collier, visited our school today. He was accompanied to classrooms where he watched various lessons across a range of year levels. Thank you to all the teachers and students who engaged so enthusiastically with our special guest.

Big Crunch

Thank you to Mrs Bolton for organising and buying the fruit and vegetables for our students to enjoy.

Faction Athletics Sports Carnival

Well done Mr Pascoe, Miss Barron and all staff and students for making the day so successful. Everyone had a very enjoyable day. Unfortunately, because of inclement weather on Wednesday the jumps and throws were not completed and we couldn’t announce the champions nor the overall winners of the carnival. This will be announced and the winners presented with their trophies during the Multi Cultural Assembly next Friday 16 September.

PATHS - SELF CONTROL

Self-control can be difficult for all of us! It can be even more difficult for children, because children are less experienced at planning ahead, handling frustration, or being able to use their thinking skills to control their behaviour when they are feeling upset.

Being able to stop and calm down is critical, because we all know that it is very difficult to consider solutions to a problem when we are upset or confused. When we are feeling upset we often act without thinking about our behaviours first, which often leads to further problems. In other words, learning to stop and calm down is the first step in learning how to use effective thinking skills.

Children need to see that self-control is a learned skill, not ‘magic’ or something only adults can do. It is a difficult skill for children to learn: they need to see it modelled as much as possible. Teachers and parents can model effective self-control strategies in everyday life.

The P.A.T.H.S. program teaches specific steps to self-control. We use the visual Problem Solving Posters in our classrooms, which is a simple visual model that helps children to follow problem solving steps when problems arise. The Problem Solving Posters follows a simple control signal system to assist effective problem solving.

By referring to the Problem Solving Posters and verbally moving through the steps of the poster when problems arise both at home and at school, children experience an effective problem solving process. Using the Problem Solving Posters in teachable moments when children experience conflict or frustration is critical for success.
Glee Club Performs at Crown Theatre

Congratulations to the Bull Creek Primary School Glee Club who performed at Crown Theatre on Tuesday, 23rd August as part of the WA Government Schools Music Society showcase. The Glee Club consists of 35 girls and 2 boys from years four to six. They entertained the audience singing ‘Firework’ and danced away to ‘I Feel Better When I’m Dancing’ by Meghan Trainor.

The Glee Club worked as a team to bring together a very polished performance on the night. The girls and boys from Glee were so excited to perform at The Crown Theatre! Thank you to the parents who came along to watch them perform. This is an experience they will never forget. Thank you to all the students in Glee Club for their hard work and their parents for their ongoing support.

Campers can bring their own packed lunch or you can order lunch for them - just place the order and the correct change in an envelope when you drop them off. (Note: parents, please let your children know what you have ordered for them!!). The campers will bring the food menus home with them on the first day, along with their movie choices. At morning tea and lunch time our stadium canteen is also open. Camp STARTS at 9am so the kids need to be in the stadium before that time. We lock the doors and the stadium is accessible only via the intercom system.
We reopen the doors at 3pm and you are welcome to come in and watch the last half hour of activities.

WILLETTON BASKETBALL
DEVELOPMENT TRAINING ACADEMY PROGRAM
TERM 4 2016

The Development Training Academy Program for boys and girls aged 9 years and over will begin on Sunday 16 October 2016 and will run for 8 weeks.

This program is not an elite level program but is designed for children playing at domestic level who would like the opportunity to spend time with good coaches working on specific skills.

Our aim is to enhance each participant’s physical, social and basketball skill development by training children in smaller groups (one coach to a maximum of 6 children, thereby enabling children to receive individual attention and to focus on specific skill sets.

Our focus is working on shooting and ball handling fundamentals. Repetitive drilling is used to ensure players develop good techniques that will benefit their game in the long term.

We strive to make these sessions fun and enjoyable while creating a positive learning atmosphere. Through the sessions the children will be given constant feedback from coaches on skills and performance.

Due to the popularity of the Academy, there will now be two sessions offered each Sunday. Details of the Academy are below but if you have any questions, please phone Jeff Anderson on 9310 3388.
