One Big Voice 2016

11 songs
50 students from Bull Creek Senior Choir
72 schools
100s of teachers and support staff
4000 students
8000 family and friends in the audience

This was the first ever “One Big Voice” at the Perth Arena - Australia’s largest children's choir and Bull Creek Primary was part of it.

This year the students worked hard to learn the eleven songs, memorising all of the lyrics and actions. Two of our students, Lucy and Chenelle, were selected from all of the involved schools for solo parts.

On Friday 12th August we travelled by bus to the Perth Arena. A traffic management company was employed to see the safe travel of thousands of students from the bus drop off point in Northbridge to the doors of the Perth Arena, ready for the afternoon’s rehearsal. The sheer scale of the event provided a few nail-biting moments, from the management of thousands of people through the doors to getting the sound just right for such a large choir. The whole event came together for a spectacular concert in the evening with guest artists Robbie Anderson, the Subih Brothers, Cerys Clack and Bethany O’Brien, young talent groups and the One Big Voice choir.

Both of our vocalists did a fantastic job with their songs. Chenelle sang with a small vocal group “I’m On Top of the World” and Lucy sang “When All the Lights Shine”, which was repeated as the encore.

Special thanks go to Cecilia Kevan and Vivian Tan for superbly feeding our students, and to Mrs Twist for coming with us on the bus and assistance with the management of the evening.

Congratulations to the Bull Creek Senior Choir for the magnificent way they represented our school. Their behaviour was fantastic and they sang all of their parts beautifully.

Mr Marshall
Music Specialist

I was a soloist for “One Big Voice” 2016. Since I was little I’ve always been into singing and music, so getting the solo for “When the Lights All Shine” was an absolutely amazing feeling.

It started with the solo audition. I tried out for most of the songs and the one that I got into was definitely my favourite. I had to practise every night until the performance. All the soloists also did rehearsals every now and then. It was really fun getting to know all the staff and most importantly all the other soloists. It was an amazing experience and one of the highlights of my entire life.

Then it was the performance. I was kind of nervous, but way more excited. I loved it when the compere was introducing the song and my heart was beating with excitement, but the best part was when we all started singing and the audience were waving flashlights around. It was just beautiful. I loved the whole thing. I am so very grateful that I could be a part of this amazing experience. I’d also like to thank Mr Marshall for being a great choir teacher and for helping me throughout this inspiring journey.

If any students arrive at school before the classrooms are open at 8.30 please ensure they sit in the stage under covered area. Parents, if you are staying with your child please accompany them to the under covered area.

Staff Professional Development Day
Monday 10 October is a PD Day for staff. We will be analysing the NAPLAN Data for 2016 to use the information to inform school planning and teachers’ classroom planning. Compared to similar schools Bull Creek remains at the same level as like schools and higher than the National mean.

Have a Wonderful Holiday
Thank you to the Bull Creek staff for the huge effort they have put in to ensuring our students have many and varied opportunities. I would like to wish everyone a safe and enjoyable Term Three Holiday and remind you that the children commence school on Tuesday 11th October. The Monday is a Planning and Professional Development Day for staff.

PATHS - TIPS FOR DEVELOPING SELF CONTROL IN YOUR CHILD

- Ask your child about the three steps that he/she has learned for calming down.
- Discuss the idea of how important it is to calm down so we can solve our problems and feel better.
- Display the Control Signals and Problem Solving Posters on the fridge or in a similar place and refer to it when problems/frustrations arise.
- Emphasise moving through the red, yellow and green light signals during the problem solving process and discuss/evaluate the outcome at the end of the process.
- When your child shows good self-control, remember to praise him/her and say something positive to instil pride in their behaviour. For example, “I’m really proud of how you stayed in control when that situation happened. You stayed calm and dealt with the problem like a grown up.”
- When your child does not show good self control or when he/she has difficulty calming down, remind him/her that he/she should have remembered “the red light” or “calmed down first to think”. Then praise them for calming down, even if a reminder was necessary before it happened.
- When you feel frustrated or upset, try to model calming down in front of your child. You might say something like “I’m feeling really frustrated about this situation right now, I need time to stop and calm down, then think about what I can do.” By modelling the process out loud for your child, you are showing them that calming down does not magically happen, rather, it is a skill that needs to be developed.
SCHOOL HOLIDAYS

Sergeant Trimble from South Metro Community Engagement Unit is requesting the assistance of the Community over the next few weeks.

"With the school holidays upon us again next week we often see schools being targeted so we are asking residents who live near schools to be our eyes and ears by keeping lookout for anyone entering school grounds. If you see anything suspicious or hear noises such as banging or glass breaking anytime of the day or night from the direction of a school please give us a call so we can send a patrol vehicle to attend."

"We also see some young people getting themselves into trouble by keeping bad company during these times resulting in them coming to the attention of police. If you are a parent of a young person speak to them about the consequences of the choices they make and also the company they keep. Giving them boundaries with regards to where and what times they go out can also assist young people from getting into situations that may affect their future."

"Everyone has a role to play when it comes to protecting and keeping our community safe, with your help we can make the places we all live safer."

If you see any suspicious activity in your area especially in and around your school please call 131444 or any information about persons committing these offences can be done by calling Crime Stoppers on 1800 333 000.

SECURITY ALERT

To our school community and local residents within the South Metropolitan Area.

As you are well aware school holidays is a period where we often see an increase of burglary and damage offences within school grounds.

Your local police will be increasing their patrols around your school over the duration of the holidays but we are asking for our school community and local residents to assist us by reporting any suspicious noise or activity to police. With your help and our increase in patrols we are hoping to see a reduction of these types of offences.

If you notice any suspicious behaviour, please report it immediately by telephoning:

Police on 131444

If you have any information and prefer to remain anonymous, please ring:

Crime Stoppers on 1800 333 000

If you wish to volunteer simply come to the canteen and put your name on the roster. Even if you can only help once per term it is still very helpful and all offers of assistance are greatly appreciated.

WILLETTON BASKETBALL
DEVELOPMENT TRAINING ACADEMY PROGRAM
TERM 4 2016

The Development Training Academy Program for boys and girls aged 9 years and over will begin on Sunday 16 October 2016 and will run for 8 weeks.

This program is not an elite level program but is designed for children playing at domestic level who would like the opportunity to spend time with good coaches working on specific skills.

Our aim is to enhance each participant’s physical, social and basketball skill development by training children in smaller groups (one coach to a maximum of 6 children, thereby enabling children to receive individual attention and to focus on specific skill sets.

Our focus is working on shooting and ball handling fundamentals. Repetitive drilling is used to ensure players develop good techniques that will benefit their game in the long term.

We strive to make these sessions fun and enjoyable while creating a positive learning atmosphere. Through the sessions the children will be given constant feedback from coaches on skills and performance.

Due to the popularity of the Academy, there will now be two sessions offered each Sunday. Details of the Academy are below but if you have any questions, please phone Jeff Anderson on 9310 3388.
