Dear Parent/Caregiver,

Education Perfect is an online language vocabulary tool that we have integrated into the Languages Curriculum from year four to year six. Your child will have time in school to improve his/her language skills using this program. It can also be accessed at home for further practice. Furthermore, I will use this program as a homework tool.

During class time students will be limited to using German, but at home they are encouraged to explore other languages and even other subjects. Children not having Education Perfect are expected to do the same work and homework, but on paper.

Education Perfect also allows me to monitor your child's progress and pass this feedback on to you through a feature called the Control Panel.

The resource has been successfully implemented in hundreds of schools around the world, with notable impacts on student motivation, grades, and even on the number of students who continue with their language learning! Students gain points for every word they learn. They can therefore compete against their friends in a fun, educational and safe environment at their own pace.

**Key features:**

- **Native speaker pronunciation**
- **Multiple testing modes:** improves reading, listening and writing skills
- **Instant feedback:** scoreboard and competition aspect
- **Access from anywhere:** at school, at home, on holiday etc...
- **Languages:** German, Chinese, French, Greek, Indonesian, Italian, Latin, Japanese, Maori and Spanish.

You are welcome to visit their website for more information - [www.educationperfect.com](http://www.educationperfect.com).  
During the year your child has access to English, Maths and Science competitions.  
This is an excellent and valuable resource for your child and the cost is \$30 per annum.

**Please return the completed consent form and payment to the office in the attached envelope before Friday 23 February 2018**

Thanking you in advance,  
Tanja Colgan  
German Teacher
